Sir:

TECHNOLOGY CENTER R3700

**AMENDMENT**

Responsive to the Official Action dated October 1, 2002, please amend the  
above-identified application as follows:

**IN THE CLAIMS**

Please cancel claims 69-83 without prejudice or disclaimer and add new claim 84  
as follows:

--84. (New) A video game system comprising:

an external memory for storing a video game program;

a game microprocessor for executing said video game program;

at least one player controller operable by a player for generating video game  
control signals;

a coprocessor, coupled to said game microprocessor, for cooperating with said  
game microprocessor to execute said video game program, said coprocessor being
